October 7, 2022

Dear Ware Families,

Good afternoon! Congratulations to the Ware Football Team for securing the Ware/Palmer Trophy at last Saturday's 97th year of the event with a score of 21-0. Thanks to the Cheerleading Team who are there every step of the way to support our athletic teams and cheering them on. I would like to congratulate all of our fall sports teams – Football, Cheering, Boys' & Girls' Soccer, Girls' Volleyball, & Golf. Taking part in an extra-curricular activity is a major piece of student life and the district works hard to support the student athletes' efforts to be successful both in the classroom and on the field/court.

WARE vs PALMER Rivalry Match
97 Years of Competition
Final Score 21-0 ~ CONGRATULATIONS WARE!

On Thursday, October 6th, several students took a field trip in celebration of October being Manufacturing Month. The students visited Quabbin Wire & Cable, Sanderson/MacLeod in Palmer, and FLEXcon in Spencer. This trip is to assure we are providing students with as much information as possible as they plan for their future, along with what opportunities are available to them right in their own backyards once they have graduated from high school.

The month of October is also STEM (Science, Technology, Engineering, & Math) Month. Students in Mrs. Kathleen Keough's 7th grade Computer Science classrooms are participating in the 2022 Mass STEM Week Challenge which is sponsored by Mass STEM Hub. The challenge this year is *Future of Work!* Students will research STEM careers then build a marketing pitch to encourage others to consider this field. You can learn more about the challenge [here](#). Good luck to the students taking part in this challenge and wishing them well in the competition!

On Tuesday, October 18th, the Ware Girls' Volleyball Team will be hosting the Belchertown Girls' Volleyball Team for their annual *Spike it for Life* event. The event will take place in the Ware JS High School gymnasium at 7:15 p.m. This event is to help raise awareness and funds in the battle against breast cancer.

With the cooler weather fast approaching and the preparation for winter on our minds I would like to remind you about snow calls. If you have changed your contact information, please contact your child/children's main office to provide them with the updated information. The contact we have on file will be how you receive any delay or school cancelations or any other emergency notifications. Thank you for your immediate attention to this matter.

There will be no school on Monday, October 10th as it is Columbus Day.

Enjoy the long weekend,

Dr. Marlene DiLeo
