October 14, 2022

Dear Ware Families,

Good afternoon! Thanks to everyone who donated canned and non-perishable goods for entry into the Pep Rally held on September 30<sup>th</sup>. Last week all items were delivered to the Jubilee Cupboard by our Cheerleading Team! Thanks to the Cheerleaders for hosting the rally with community service in the forefront of the event and wanting to give back to their community!

Last week, the Student Council members attended their Fall Conference at Easthampton High School. Members of the council always enjoy visiting other school districts to see what is occurring within other councils.

Bus evacuation was held this week. Students were guided through exiting buses at the back door to practice any event that would cause an evacuation. Student and staff safety is paramount to our practice in all aspects of the school day.

In celebration of Manufacturing Month, on Thursday, October 6<sup>th</sup>, Mr. Rich took 14 students on a field trip to visit Sanderson/MacLeod, Quabbin Wire & Cable Co. and FLEXcon to see what opportunities are available to those who are looking for employment after graduation. It was a successful day as students were able to ask lots of questions and get answers directly from possible future employers. There are many manufacturers within a 25-mile radius of Ware, with many opportunities available to those individuals' seeking employment. We will continue to offer this event to another group of students in the near future.

A copy of the 2022 MCAS Parent/Guardian Reports were sent home today with students in the following grades:

- WMS sent home reports with students currently in grades 4, 5, & 6.
- Ware JS High School sent home reports for students currently in grades 7, 8, 9, & 11, along with students currently in grade 10 who took the biology exam.

This year's MCAS scores will become our new baseline going forward.

The [October Nurse's Newsletter](#) is available on our website. This monthly newsletter is to keep you informed of important health topics from our nurses.

As I walk throughout the district, many acts of kindness and support can be observed on any given day in all three buildings; however, we don't get to see them all. If you see an act of kindness or a good deed in the Ware Learning Community, we want to hear about it! Share it with us by completing our form [WARE Positivity Shines](#).

Enjoy the weekend,

*Dr. Marlene A. DiLeo*
