November 10, 2022

Dear Ware Families,

Good afternoon! I hope you had an enjoyable week. Over the last few weeks, as I move around campus, I've noticed how quickly some individuals are driving throughout campus. At any given time of the day there are students walking to and from Veteran's Stadium for physical education classes or parents picking up or dropping off students. At times, the speed at which some individuals are going is concerning. With the hustle and bustle of the holiday season fast approaching, our lives take on a more hectic pace; however, please remember that the speed limit on campus is 15 mph. We serve the most precious commodity here at Ware Public Schools which are children. Please take your time when driving through campus to assure safety for all. Thank you for your attention to this matter.

The Knights of Columbus Coats for Kids Drive is currently underway and Ware Public Schools is happy to be one of the designated drop-off locations. Donations of gently used or new coats can be put in the collection boxes at any of our schools until November 19. If you need a coat for your child(ren) to stay warm this winter, contact us at 967-4271.

The JS High School boiler project has been completed with adjustments being made to the new system. The JS High School now has four energy proficient boilers that will keep students, teachers, and staff warm throughout the winter season, now and for years to come.

There will be no school on Friday, November 11, as it is Veterans Day. We are home of the free because of the brave men and women who serve in our Armed Forces. Thanks to those who served! Your service to our country is greatly appreciated!

The Thanksgiving Day break will run from Wednesday, November 23 through Sunday, November 27 with students returning on Monday, November 28.

Enjoy the long weekend,

*Dr. Marlene A. DiLeo*  
Superintendent
