WMS Leadership Council Celebrates Earth Day

by: Niki Janusz

Hello! We are the Ware Middle School Leadership Council. We love doing fun things for students and staff! Another thing we love is helping our schools. That is why some of our members volunteered to clean up the school campus after school on Monday, April 24th. We went around the campus, including the track, parking lot, in front of WMS and WJSHS, and more picking up trash that others have left behind. You might be wondering why we did this? Well, it was in honor of Earth Day! We were honored to be able to make our school look a little nicer.

Sincerely,

WMS Leadership Council

SCIENCE FAIR

Today, Mrs. King & Mrs. Bean's Grade 5 families were invited to a Science Fair at WMS! Students were able to choose from a variety of science topics to create a project on as they review for Science MCAS. Some of the topics included Earth's Relationships to the Sun and Moon, The Water Cycle, Food Webs of Photosynthesis and Changes in States of Matter. All the students did a great job and should be proud of their projects!
