Emergency Medical Forms & Medications in School

Emergency medical forms were sent home with students. If you have not already returned your child/ren's form, please do so as soon as possible. It is important we have this information on file to keep your child/ren healthy! If there are changes during the school year in regard to emergency contact names or numbers, please inform the Main Office of your child/ren's school.

Monique Hegarty
Ware Middle School
mhegarty@ware.k12.ma.us
413-967-6903, ext. 3556
Nurse Monique was welcomed to WPS in 2020 to care for the health of our students in grades 4-6.

Students who need medication during school hours (including inhalers and epi-pens) will need to have an adult or guardian complete the medication form accompanied by a physician's order to have medication administered during school. All medication received by the nurse's office must be in its original pharmacy labeled container. Please note, narcotics will not be kept in school and any student requiring narcotics should remain home.
